

ROBO Business

ADVANCING BUSINESS WITH AUTOMATION & AI

Exhibitors requesting designs that are outside of the outlined RoboBusiness booth guidelines are required to complete this form to request a booth variance. Please submit this form in conjunction with a detailed diagram with dimensions in feet/inches by **Sept 15th**. Approvals will be given via email within 10 business days.

Exhibiting Company Name _____

Booth # _____ Booth Size: _____

Booth Type (please circle): Standard/Linear Perimeter Peninsula Island

Variance Request Description (please be specific)

Submitted by _____

Contact email & phone _____

NOTE: Should the diagram submitted with this form differ significantly from the actual structure on site, you may be required to alter it, at your expense, or if suitable space is available, the exhibit will be moved at your expense. Any approval granted for a booth variance are valid for RoboBusiness 2017 only. Your designs, if necessary, should still be submitted to the fire marshal and a structural engineer for their approval, per the rules of the Santa Clara Convention Center, as outlined in the exhibitor kit.

For questions or to submit your form please contact: Traci Sullivan (508) 663-1500 x299 or tsullivan@ehpub.com
